Lider 23401 Motor Cycle Trailer shown with 2 rail with arches, and a non slip floor.

Description

This motorbike trailer can be used as a single or twin bike trailer, simply move the position of the rails. The bikes are loaded via a single channel mounting rail, and will quite happily carry 2 large sportsbikes at one time with a wide clear frame for easy access. Constructed on a robust and fully galvanized frame to offer high anti-corrosion protection. The rear light lamps are set in a protective channel. Sturdy tie-down rings are arranged on the frame allow for secure fastening. Non slip floors are available to allow the trailers to be used for other purposes. In an attempt to keep delivery charges low we reduce the size of the unit, and as such some basic construction is required.

Features

- Fully Assembled Trailer
- Robust Construction
- 1 Mounting Rail
- 1 Rail with Arch (For 2 Bike See Accesories for Extra Rail)
- Galvanised Chassis
- Tie-down Rings
- Recessed Tail Lamps
