Trailer shown with standard ramp tailgate.

## Description

The TM range of Unbraked Trailers have a strong A-frame drawbar. The durability of heavy duty, low maintenance rubber torsion axle has been proven in the construction plant industry and it has a soft ride characteristics ideal for when the trailer is empty. The Floor of the trailer is made from slip resistant high density plywood with tough, water proof resin coating on both sides. The extended ramp (with slip resistant aluminium tread plate) and low platform height provide for a shallow approach angle when loading and unloading.
