Description

The Lider 32750 single axle braked car transporters have been specifically designed for those who want a lightweight high specification tilt bed car transporter, but do not want the price of a commercial version. The trailer tilts by 2 gas struts - simply undo the 2 catches and it will tilt in seconds - no costly hydraulics or complicated tip mechanisms. Ideal for use behind motorhomes or for transporting kit /race cars etc. It is of fully galvanised construction, fitted with a standard high quality AL-KO auto reverse axle & coupling, fitted with 13inch 5 stud heavy duty wheels/tyres. 13 pin plug in lighting system with reverse light

Features

- A-Frame tipping drawbar
- Jockey wheel
- Gas strut assisting tipping
- Tipping function to allow very low loading angle
- Alko or BPW braked 1300 kg axle and coupling head
- Heavy duty tie down points
